WORKSHOP 6

# MAKING SENSE OF COMPLEXITY: TRAUMA-INFORMED CASE FORMULATION

Help frontline workers make sense of complex information into clear, needs and action planning.

1 DAY TRAINING
$3,500
AUSTRALIA-WIDE

UP TO 20 PARTICIPANTS

NO MINIMUM NUMBERS

## ABOUT THIS WORKSHOP

This practical training supports participants to gather, analyse and understand complex information using a trauma-informed lens. Learn to identify risks, needs and protective factors, and develop evidence-informed case formulations that guide effective, client-centred decision making.

## WHAT'S INCLUDED

- Practical tools and resources
- Case examples and scenarios
- Interactive activities
- Workbook and handouts
- Ongoing email support for 4 weeks

## YOU WILL LEARN

- Understanding the purpose and value of case formulation
- Gathering and organising information clearly
- Identifying risk, needs and protective factors
- Trauma-informed lens in practice
- Case mapping and formulation models
- Using case formulations to guide planning and decision making
- Reviewing and updating formulations over time

## ABOUT YOUR PRESENTER

### NIKI GENT

Niki Gent is a trauma-informed social worker and family consultant with over 20 years' experience supporting children, young people and families in community services, including child safety, therapeutic supports and training.

Niki is passionate about building the capacity of professionals through practical, relatable and evidence-informed training that makes a real difference in the lives of families and communities.
